## Activity 18: Knee-to-chest stretch

1. Start by lying on your back.

- 2. Pull one knee into your chest, while keeping the other leg straight and your lower back pressed into the floor.
- 3. Hold for 30 seconds.
- 4. Swap legs.

Where did you feel it in your body when you were completing the stretch?

5. Now repeat the knee-to-chest stretch but this time focus on one of the body parts you identified in step 4.

Where did you feel it in your body after this round of knee-to-chest stretches? Did you feel it in the same place as last time or somewhere new?
